

ABCwebsite logon instructions

By Marc van de Patten

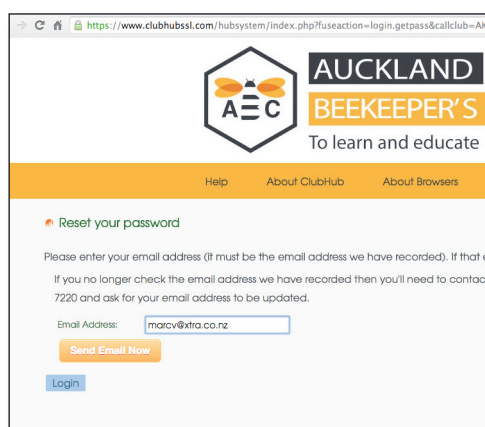

The club's website and the membership, annual subs, course bookings and noticeboards are all part of the <http://aucklandbeekeepersclub.org.nz> website. Logging into the site gives you access to these areas.

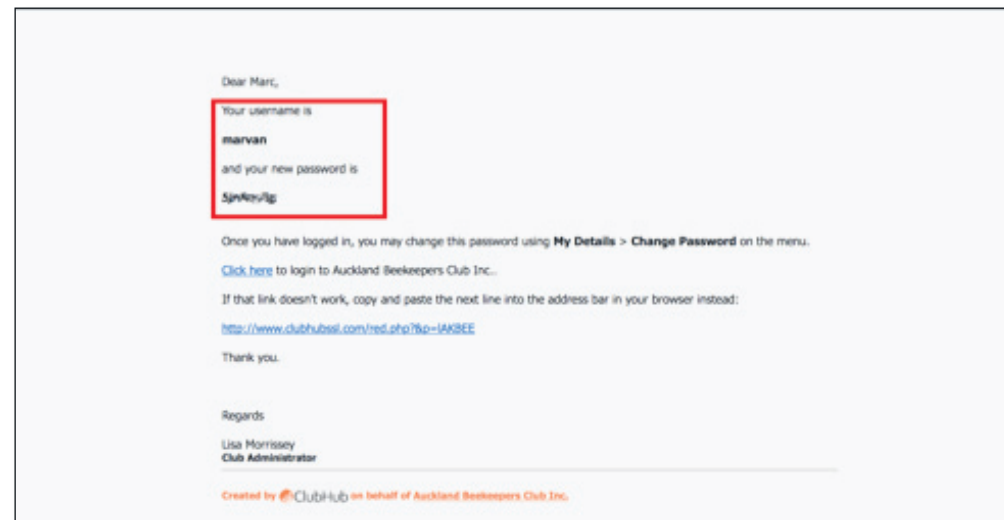

Marked in red is member login button, clicking here will take you to the login screen User Name which is the first 3 digits of both your first and last names (Carol Downer's user name would be cardow for example) and then your password, which is where you might come to a screaming halt.

If this is you then click on the *I have Forgotten My Username or Password* - highlighted in red.

You will get a confirmation screen, with the email address it knows for you.

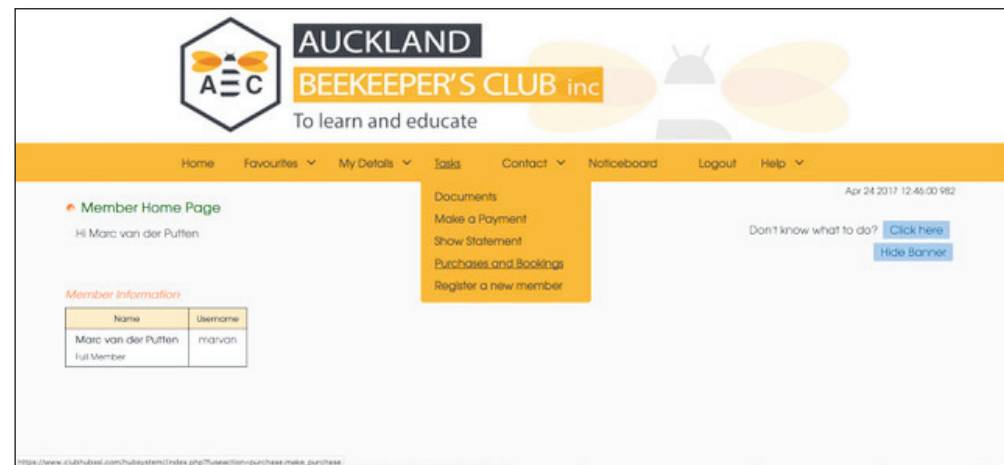

You will be sent a link that will allow you to login and change your password, hopefully to something you will find easy to remember in the future.

You can also click the *save this password* feature when prompted by your browser while logging in.

Check your email (and your Spam/Junk mailbox) if the email has not arrived within a few minutes.

This process can be repeated as many times as you need.

When logged in you will be greeted with your name and membership details. See above.

Next time we will look at where to pay your subscription plus how, when and where to book and pay for Beginners Beekeeping or AFB courses.
